

01 February 2021

Dear Valued Stakeholder,

**RE: SIXTH TERM ECOSA COUNCIL**

The Engineering Council of South Africa (ECOSA) would like to take this opportunity to introduce to you, our valued stakeholder, the new ECOSA leadership who will serve on the Sixth (6<sup>th</sup>) Term ECOSA Council.

The newly elected forty - seven (47) member Council comprising of individuals who represent different sectors in the economy, was inaugurated in December 2020. The virtual ceremony was officiated by the ECOSA Chief Executive Officer (CEO) Mr Siphon Madonsela on behalf of the Department of Public Works and Infrastructure (DPWI) Minister, Ms Patricia de Lille.

The new leadership structure during the inauguration ceremony elected Mr Mashao Lawrence Lebea as President and Ms Refilwe Buthelezi Vice President.

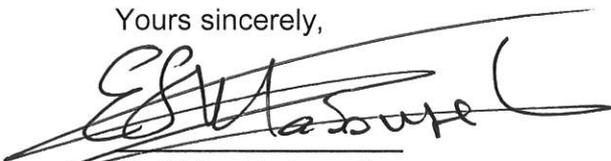

Mr Mashao Lawrence Lebea and Ms Refilwe Buthelezi both bring to the Council a plethora of experience from the engineering sector and have served on the ECOSA Council under the fifth (5<sup>th</sup>) term administration and as members of ECOSA's High Impact Committees.

The new Council will focus on the implementation of the 2020-2025 ECOSA Strategy premised on the following five programmes:

- **Programme 1:** Education and Training Standards
- **Programme 2:** Registration of Candidates and Competent Engineering Professionals
- **Programme 3:** Assuring Ongoing Professional Competence
- **Programme 4:** Professional Practice
- **Programme 5:** Competent, Efficient and Effective Delivery and Support Structure

ECOSA wishes the entire 6<sup>th</sup> Term Council well during their four (4) year tenure as they pave a path through fruitful engagements with Registered Persons towards holistically transforming the engineering sector through gender, race and practice.

Yours sincerely,

Mr Siphon Madonsela  
ECOSA CEO
